

DBRANLU/Gen./2024/2151

Dated: 13/08/2024

CIRCULAR

All teaching faculty and administrative staff are hereby informed that the National Tuberculosis Elimination Programme (NTEP) is being implemented throughout the country under the National Health Mission (NHM) by the Ministry of Health and Family Welfare (MoHFW), Government of India. Under NTEP, all TB patients notified by public and private sector health facilities/doctors are provided free diagnostics and treatment and Rs. 500/- per month for nutritional support through Direct Benefit Transfer (DBT).

To enhance community engagement in achieving TB elimination by 2025, the MoHFW has recently launched the Pradhan Mantri TB Mukh Bharat Abhiyaan (PMTBMBA) as part of NTEP. To ensure its effective implementation, Ni-kshay 2.0, an exclusive web portal for the registration of Ni-kshay Mitra (Donors) and online link-up of such Ni-kshay Mitras with patients, has been developed.

All faculty/staff are hereby requested to actively participate in this noble cause by registering as Ni-kshay Mitras. Your involvement can make a significant difference in the lives of TB patients by providing them with essential nutritional, vocational, and additional diagnostic support. By coming together as a community, we can help in achieving the goal of a TB-free India by 2025.

Interested teaching faculty/staff can register themselves as Ni-kshay Mitra at www.communitysupport.nikshay.in and select:

1. The area/number of TB patients they are interested in adopting & supporting.
2. Type of support (Nutritional/vocational/additional diagnostics).
3. The duration (minimum duration being six months & maximum being three years).

Looking forward to your active participation in this noble initiative.

-Sd\-

Deputy Registrar (Gen.)
